FLEA CIRCUS AT BIG FAIR

Prof. Kuntz Has 300 German Performing Circus Fleas in City This Week.

One of the most interesting attractions at the fair this week is the German flea circus, under the supervision of Prof. Kuntz. He has 300 performing fleas. Each flea has its own act, such as to jump through hoops, operate merry-go-rounds, loop the loop in miniature automobiles, juggle balls, pull wagons, cannon, etc., and others are dressed in costumes and to the music of the Merry Widow waltz they dance. This will be one of the most interesting performances that our people have ever had the pleasure of seeing.

It takes two years to educate the German human flea, which is larger than the American flea, and the secret is known only to one family.

In America today, the professor and his brother. It can be considered a rare treat to see the flea circus in this city.

Entomologists have long known that the flea is the most intelligent of all insects, but it is hard to imagine that any man has the infinite patience necessary to try to train the elusive mites to do fancy tricks, and doubtless there are many laymen who believe it is utterly impossible, but if you visit the European flea circus you will be thoroughly convinced and will find the German professor a high class and pleasing entertainer. No one can afford to miss this attraction.

Beautiful Reception.
Complimentary to her mother, Mrs. Marten, of Shepherdstown, Mrs. Harvey W. Harmer entertained most delightfully at a large and beautifully appointed reception from 6:30 to 9 o'clock Tuesday evening in her beautiful new home on Hornor avenue. The hostess, assisted by her mother and Mrs. Harmer, of Shinnston, re-

themums and vines of greenery were used in profusion for the floral decorations. Assisting through the rooms were Mrs. Edward B. Delson and Mrs. L. K. Richards. In the dining room, where delicious refreshments were served, Mrs. Charles W. Lynch and Mrs. Harry W. Sheets presided, assisted by Miss Margaret Robinson, Miss Mabel Smith, Miss Grace Haymaker, and Miss Frances Robinson. The table bore a large bowl of yellow chrysanthemums and smilax. Coffee was poured by Mrs. S. H. White in the library, assisted by Miss Joy Pew. The floral decorations of the room were jonquils and cannaes, while in the reception hall the same golden blossoms with greenery were prettily grouped and fruit punch was served there by Mrs. Lloyd Souders, assisted by Miss Ruth Pew and Miss Bertha Bland.

A delightful program of music was rendered by an orchestra on the large veranda. During the reception about 250 guests called and enjoyed Mrs. Harmer's hospitality.

To Unveil Tablet Tuesday.

The unveiling of a bronze tablet on the building of David Davidson on West Main street, which will be placed by the Daughters of the Confederacy to mark the birthplace of Stonewall Jackson, will take place Tuesday afternoon with appropriate ceremonies. An address will be made by Dr. James Power Smith, of Richmond, Va., the only living member of General Jackson's staff, who will give reminiscences of the distinguished general.

The tablet has arrived from Tiffany's and is of solid bronze appropriately and beautifully engraved. It will be set in place Tuesday morning and wrapped with a Confederate flag until the afternoon when, at the close of addresses by Dr. Smith, John W. Davis, Edward G. Smith and James W. Robinson, it will be unveiled by Miss Isabel Arnold, of Beverly, a grandniece of General Stonewall Jackson, who will be an honor guest of the chapter on the occasion.

After the unveiling of the tablet, Crosses of Honor will be bestowed upon eighteen veterans of the Confederate army. Several out-of-town visitors are expected to be present.

For Miss Newlon.

GO BY THE NAME.

The way to buy paint is to go by the name. There is a name never seen on sham paint or weak paint or short-measure paint: Devos.

There are a hundred different names in paint. Some are sham; some weak; some short-measure; and some all three.

If there is another such paint as Devos lead-and-zinc, we don't know it. There are a few fairly good paints; a few; only one Devos. A gallon Devos is worth a gallon-and-a-half of those few.

Mr. Aaron Higgins, of Plainfield, N. J., always used 15 gallons of mixed paint for his house. Last spring he bought 15 gallons of Devos and had 4 gallons left.

BANKER

Smith is Arrested in Connection With a Bank Failure.

WASHINGTON, D. C., Sept. 20.—S. M. Smith, president of the Fidelity Bank and Trust Company, whose doors were closed at Bluefield last week, has been arrested at Alexandria, Va., near here, by Detective W. G. Baldwin, who had been seeking him and traced him here.

Smith only heard of the bank's troubles upon his arrival here. He is quoted as saying he was anxious against him. He is under arrest and against him. He is under arrest and has been taken by Mr. Baldwin to Bluefield.

Detective Baldwin says Mr. Smith asserts the failure is not as bad as has been reported, that he can straighten matters up to a considerable extent, and if there is any loss at all it will be small, and he thinks Smith will be able to exonerate himself from many of the charges which have been made against him.

Smith was having an automobile repaired in Alexandria when Mr. Baldwin found him.
